### What’s Happening?

The purpose of this newsletter is to inform Haywood County Taxpayers of what transpires at the bi-monthly County Commission Meetings. This newsletter will be written from the perspective of a casual observer, myself. Any opinions expressed will be mine.

### David Francis - Reduction Solid Waste Availability Fee?

David Francis presented a reduction in the Solid Waste Availability Fee at the 7/20/2020 County Commission Meeting, Regular agenda item 5, the last one.

[**Editors Note:** For reference on this matter, see Toeprints -

<https://www.haywoodtp.net/pubTP/T190824.pdf>

and

<https://www.haywoodtp.net/pubTP/T190825.pdf> ]

For years, the Solid Waste Availability Fee remained at \$92. Then, **David Francis** and **Mark Swanger** (now gone) raised it to \$164 in 2015.

Now that the Francis Farm Landfill work as begun using all of this taxpayer money, one would think that the Solid Waste Availability Fee would revert back to what it was originally, \$92.

But no...

Not if **David Francis** and our four (4) Republican county commissioners have anything to do with it.

**Francis** proposed a reduction of \$5.00

WTF?

The new Solid Waste Availability Fee will be \$159.00 on your tax bill.

You can see **David Francis** in all his glory on the county video recording, starting at 1:50:12, where he stands at the podium and begins feeding all the commissioners pablum.

I am wondering why our four (4) Republican county commissioners did not demand that the Solid Waste Availability Fee be reverted back to \$92.

I really have to ask, are these Republican county commissioners any better than the democrats who have strangled this county for years and years.

Let’s see how **Kevin Ensley** and **Brandon Rogers** attempt to defend themselves in the November election.

How does this make them any better than a democrat?

Legend: If any name is in **bold**, it can’t be a good thing.
