### What’s Happening?

The purpose of this newsletter is to inform Haywood County Taxpayers of what transpires at the bi-monthly County Commission Meetings. This newsletter will be written from the perspective of a casual observer, myself. Any opinions expressed will be mine.

### School Administration moving to CES.

“As a service to the community, I will be touring the CES building at future times to photograph the initial conditions the School Administration has to deal with, and conditions after clean-up and relocation of personnel.”

I toured the CES facility on 9/14/2020 and took 81 photos of the facility, particularly of rooms that had been designated for School Administration personnel. It was explained that personnel from the forth floor of the old hospital were moving temporarily to a more secure location in Clyde, since the hack.

The following is an abbreviated series of photos of a single room, depicting typical conditions of the building.

The move is scheduled to take place in early December. I will again, request to take a tour of CES after personnel have been relocated and take another series of photos.
