What’s Happening?

The purpose of this newsletter is to inform Haywood County Taxpayers of what transpires at the bi-monthly County Commission Meetings. This newsletter will be written from the perspective of a casual observer, myself. Any opinions expressed will be mine.

Kevin “Adjudication” Ensley lied again.

During the December 19, 2022 county commission meeting, both Jennifer Best and Terry Ramey mentioned that constituents had questioned (repeatedly) about the inability to obtain voting records of commissioners.

Although meetings are public, are video recorded, and agenda’s and minutes are available on the county website, they are only available for the past couple of years:

- 2022
- 2021
- 2020 (only a portion)
- 2019 (no agenda’s)
- 2018 (no agenda’s, only a portion)

Kevin “Adjudication” Ensley lied his [expletive deleted] off when he smugly said they were all on the website.

Bull [expletive deleted]!

They used to be, but when this knucklehead **Joey Webb** took over, and “updated” the Agenda’s and Minutes, he never bothered to include anything prior to 2018.

So, how the [expletive deleted] is any one able to look up minutes or videos prior to 2018?

Oh! You have to use a Request for Public Information?

Well, that is not working out so well for me, as there has been a significant amount of stonewalling by various county staff in attempting to obtain public information.

Here are a couple of examples...

- **Joey Webb and Rick Marvin’s emails.**
Plenty of information about this on www.haywoodtp.net. **Joey Webb** had to get **Frank Queen** to intercede and totally block any information about any email **Rick Marvin** ever sent and/or received.
- **Kristian Owen and total expenses for J. Creek Property.**
This was ultimately blocked by **Kevin “Adjudication” Ensley**, re: email dated **Tue, 4 Oct 2022 15:51:10**, <https://www.haywoodtp.net/pubTP/T221120.pdf> and was stonewalled by the following people:

- **Brandon Rogers**
- **Tommy Long**
- **Kevin “Adjudication” Ensley**
- **James Weaver “Kirk” Kirkpatrick the III**
- **Kristian Owen**
- **David Francis**
- **Bryant Morehead**
- **Frank Queen**
- **Amy Stevens**

If ever we needed to get the UNC School of Government or the SBI involved, this would be the case.

- **Sebastian Cothran not being able touch the Money.**
Frank Queen, **Bryant Morehead** and **Kevin “Adjudication” Ensley** have blocked repeated requests for public information about what NC General Statute gave them the right to issue a “Risk management Plan”, devised by **Kristian Owen** restricting Sebastian Cothran from touching the money collected as his elected position of Tax Collector.
- **Stephanie Parkins** now needs a lawyer.
A simple Request for Public Information directed to **Stephanie Parkins** about “Eagle View” has been directed to **Frank Queen**. WTF? Does **Stephanie Parkins** have something to hide? Why does **Stephanie Parkins**, who is late in responding to my Request for Public Information (who is soon to retire) need the County Attorney to step in and be an intermediary, just like **Frank Queen** jumped in the middle of my Requesting Public Information from **Joey Webb**?

Maybe it will take our newly elected county commissioner to get to the bottom of this stinkpot.

Legend: If any name is in **bold**, it can’t be a good thing.
